

PRO DJ LINK Vulnerability Response Status

Below is the status of each affected product regarding the PRO DJ LINK vulnerability, including whether it is impacted and the current response status.

- Update rekordbox (Ver. 7/Ver. 6, iOS/Android) to the latest version.
- When using PRO DJ LINK, avoid using USB or SD cards that contain sensitive data.
- If you connect your player to a Wi-Fi network, please use a secure, password-protected network.

*Models with PRO DJ LINK functionality not listed below have reached end of support. Please click [here](#) for details.
